Birmingham, AL 35203

2007 Building Communities Conference

*State of the Practice in Thoroughfare
Design: Rural, Suburban and Urban*

Join us for this informative session. Topics include:

- ♦ *Planning and design strategies to facilitate efficient access to private property while ensuring safe multi-modal transportation in the public right-of-way*
- ♦ *Real world case studies*
- ♦ *Format interactive and interdisciplinary*

Engineers, architects, planners, urban design professionals, developers, citizens and local government officials are all encouraged to participate.
